Casino Night is an event where people can come together to play games commonly found in casinos in Las Vegas or Biloxi but without wagering any money.

Guests arrive at the casino night to find a variety of casino games available (Blackjack, Texas Hold'em, and more).

Guests are given \$1000 in play money. They can then take their play money to their favorite game table in exchange for chips and try to win as much as they can during the course of the evening.
