St. Simon's on the Sound	98	\$10,000	\$5,500	\$9,000

Methodology: Two total grant amounts have been considered: \$60,000 and \$105,000. Each applicant program was given a score based on the average of the combined reviewers' scores. Programs were considered for award amounts based on falling into the following percentage groups: 90's, 80's 70's or 60's. Applicants requesting the full \$10,000 were awarded the same amount, depending on their percentage grouping with one exception. In the case of the \$60K plan the top two applicant scores were given an additional \$500. If the applicant requested less than the full \$10,000 the awards were reduced accordingly. Two applicants did not include a leverage letter and therefore the reviewers rejected the application as instructed.
